Good afternoon Alaina,

Please note that this project has been re-assigned to Sarah Firestone who is copied on this email. I think that a conference call would be a good idea especially for coordinating our federal roles and responsibilities. As it happens, Sarah was on annual leave during the last week in March and teaching a regulatory course last week. Please let us know your availability for Thursday April 21 and Friday April 22.

Sincerely, Katerina

Hello Alaina,
I've been out for a while so I apologize for this late response. I will defer to Katerina's schedule for the call.
Thank you,
Keith Hess

Hi Keith and Katerina,

My name is Alaina McCurdy and I'm with EPA's WIFIA Program run out of EPA Headquarters. WIFIA is a loan program for water and wastewater infrastructure projects, and has invited Valley Water to apply for their Pacheco Reservoir Expansion Project. I expect their WIFIA application to be submitted in the near future and was given your names by Valley Water. I'm the environmental reviewer assigned to this project, responsible for the NEPA review, ESA and NHPA.

It'd be great to set up a time to chat about the project and coordinate our reviews. Please let me know if any of these times over the next week work for you both.

Friday 3/25 2-3pm ET (11-12pm PT)
Monday 3/28 12-4pm ET (9-1pm PT)
Tuesday 3/29 12-2pm ET (9-11am PT)
Wednesday 3/30 2-4pm ET (11am-1pm PT)

Thanks,
Alaina
